

**CONCEPTS AND ROLES**

The Board of Trustees recognizes that one of its major responsibilities is to provide healthful, safe and adequate facilities that enhance the instructional program. The Board shall endeavor to make the provision of adequate school facilities a priority in the district. Because the schools serve as a focal point for the community, the Board shall also strive to ensure that district facilities fit harmoniously and attractively into their neighborhoods and have flexibility of design to meet future educational and community needs.

*(cf. 9000 - Role of the Board)*

The Board shall strive to have a school facilities master plan in place and regularly reviewed in light of the district's educational goals. In accordance with this plan, the Board shall:

1. Approve additions or major alterations to existing buildings

*(cf. 7111 - Evaluating Existing Buildings)*

2. Determine what new buildings shall be built, when and where, and what equipment shall be purchased for them

3. Determine the method of financing that will be used

*(cf. 7210 - Facilities Financing)*

4. Select and purchase school sites for future expansion

*(cf. 7150 - Site Selection and Development)*

5. Approve the selection of architects and structural engineers

*(cf. 7140 - Architectural and Engineering Services)*

6. Award contracts for design and construction

7. Name schools and individual buildings

*(cf. 7310 - Naming of Facility)*

8. Advocate school facility needs to the community

*(cf. 7110 - Facilities Master Plan)*

*(cf. 7131 - Relations with Local Agencies)*

The Superintendent or designee shall:

1. Assess the district's short- and long-term facility needs
2. Direct the preparation and updating of the facilities master plan

**CONCEPTS AND ROLES** (continued)

3. Oversee the preparation of bids and award of contracts

*(cf. 3311 - Bids)*

4. Supervise the implementation of the district's building program in accordance with the master plan, Board policy, and state and local requirements, including collaboration with the architect and contractor on the construction of new facilities and modernization of existing facilities
5. Represent the district in official governmental interactions related to the building program

**FACILITIES MASTER PLAN**

The Board of Trustees recognizes the importance of long-range planning for school facilities in order to help meet the changing needs of district students and to help ensure that resources are allocated in an efficient and effective manner. To that end, the Board directs the Superintendent or designee to develop and maintain a master plan for district facilities.

The plan shall describe the district's anticipated short- and long-term facilities needs and priorities and shall be aligned with the district's educational goals.

*(cf. 0000 - Vision)*

*(cf. 7000 - Concepts and Roles)*

*(cf. 7111 - Evaluating Existing Buildings)*

*(cf. 7131 - Relations with Local Agencies)*

*(cf. 7210 - Facilities Financing)*

The Superintendent or designee shall ensure that staff, parents/guardians, students, and business and community representatives are kept informed of the need for construction and modernization of facilities and of the district's plans for facilities. The Superintendent or designee may also establish a facilities committee that shall meet at regular intervals in order to give community members opportunities to provide input into the planning process.

*(cf. 1220 - Citizen Advisory Committees)*

At least 45 days prior to completion of any facilities plan that relates to the potential expansion of existing school sites or the necessity to acquire additional school sites, the Superintendent or designee shall notify and provide copies of the plan or any relevant and available information to the planning commission or agency of the city or county with land use jurisdiction within the district. (Government Code 65352.2)

If the city or county commission or agency requests a meeting, the Superintendent or designee shall meet with them within 15 working days following the notification. Items that the parties may discuss at the meeting include, but are not limited to, methods of coordinating planning with proposed revitalization efforts and recreation and park programs, options for new school sites, methods of maximizing the safety of persons traveling to and from the site, and opportunities for financial assistance. **EVALUATING EXISTING BUILDINGS**

The Superintendent or designee shall periodically evaluate the adequacy and design of existing district facilities to determine whether they meet the needs of the instructional program, provide a healthful and pleasing environment for students and staff, and fulfill legal requirements for safety and structural soundness, access for the disabled and energy conservation.

*(cf. 0410 - Nondiscrimination in District Programs and Activities)*

*(cf. 3511 - Energy and Water Conservation)*

*(cf. 3514 - Environmental Safety)*

*(cf. 7110 - Facilities Master Plan)*

In the event that the Department of General Services or any licensed structural engineer or licensed architect finds and reports to the Board of Trustees that a district building is unsafe for use, the Superintendent or designee shall immediately obtain an estimate of the cost of repairs or reconstruction necessary to bring the building up to legal standards for structural safety. The Board shall establish a system of priorities for the repair, reconstruction or replacement of unsafe school buildings. (Education Code 17367)

**Energy Efficiency**

When evaluating existing buildings, the Superintendent or designee shall arrange for the pre-audit and postaudit of school buildings by utility firms to the extent that these services are available. Information provided by these services shall be used to determine the cost of retrofitting the buildings and the savings which may result from adding insulation, making design modifications or using other energy-conserving devices. The district may contract with qualified businesses capable of retrofitting these buildings and may borrow funds which do not exceed the amount of energy savings to be accumulated from the improvement of the buildings. (Education Code 17651-17653)

**Report of Existing Building Capacity**

The district shall submit a one-time report of existing school capacity to the State Allocation Board. The district's, or where appropriate the attendance area's, existing school capacity shall be calculated pursuant to the formulas set forth in Education Code 17071.10-17071.40 and in 2 CCR 1859-1859.106.

**RELATIONS WITH LOCAL AGENCIES**

The Board of Trustees recognizes the importance of collaborating and communicating with other local agencies in order to provide the best possible school facilities and to allocate facility resources in an effective and efficient manner. The Board and district staff shall consult and coordinate with local agencies as required by law and whenever the expertise and resources of these agencies can assist the district in the planning, design and construction of facilities.

Following notification by a city or county of proposed action to adopt or substantially revise a general plan, the Board may request a meeting with the local planning agency to discuss possible methods of coordinating planning, design and construction of new school facilities and school sites. (Government Code 65352.2)

The Superintendent or designee shall monitor land development proposals within district boundaries and shall ensure that an exchange of accurate information is maintained with city/county planning staff regarding the impact of land development on the district's educational programs and facility needs.

*(cf. 7150 - Site Selection and Development)*

Recognizing that available funds may not suffice to eliminate overcrowding in district schools caused by new development, the Board urges the city/county to adopt in its general plan or other appropriate planning documents, to the extent permitted by law, a provision which ensures that adequate school facilities will be available.

*(cf. 7210 - Facilities Financing)*

*(cf. 7211- Developer Fees)*

**Notifications to Other Local Agencies**

The Board shall notify the city council or county board of supervisors whenever it finds, based on clear and convincing evidence: (Government Code 65971)

1. That conditions of overcrowding exist in one or more attendance areas within the district which will impair the normal functioning of the educational programs, and the reason for the existence of those conditions
2. That all reasonable methods of mitigating conditions of overcrowding have been evaluated and no feasible method for reducing those conditions exists

The above notice shall specify the mitigation measures considered by the district and shall include a completed application to the Office of Public School Construction for preliminary determination of eligibility for school construction under applicable state law. (Government Code 65971)

**RELATIONS WITH LOCAL AGENCIES** (continued)

The Superintendent or designee shall notify the appropriate city or county planning agency of the adoption of a school facility needs analysis or facilities master plan, the acquisition of a school site, or other action regarding school facilities in accordance with law.

**ARCHITECTURAL AND ENGINEERING SERVICES**

In order to ensure safe construction and protect the investment of public funds, the Board of Trustees requires that a licensed and certified architect or structural engineer be employed to design and supervise the construction of district schools and other facilities.

The Director of Facilities shall devise a competitive process for the selection of architects and structural engineers that is based on demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required. For each project, he/she shall recommend specific architectural and engineering firms to the Board. The Board shall pay fair and reasonable amounts warranted by the provider's qualifications and competence. The Board need not select the lowest responsible bidder.

**ARCHITECTURAL AND ENGINEERING SERVICES**

The Board of Trustees shall engage the services of a licensed architect(s) holding a valid certificate or engineer(s) holding a valid certificate for the preparation of plans, specifications or estimates for any construction project, through a signed contract. (Education Code 17302)

*(cf. 3312 - Contracts)*

Contractors for any architectural, landscape architectural, engineering, environmental, land surveying or construction project management services shall be selected, at fair and reasonable prices, on the basis of demonstrated competence and professional qualifications necessary for the satisfactory performance of the services required. (Government Code 4526)

The Director of Facilities shall ensure that the selection process for projects receiving state funding: (Government Code 4526)

1. Ensures that projects entail maximum participation by small business firms as defined pursuant to Government Code 14837
2. Prohibits practices which might result in unlawful activity such as rebates, kickbacks, or other unlawful consideration
3. Prohibits district employees from participating in the selection process when they have a relationship with a person or business entity seeking a contract which would subject the employee to the prohibition of Government Code 87100

*(cf. 9270 - Conflict of Interest)*

The selection process may also include: (Government Code 4527)

1. Detailed evaluations of current statements of prospective contractors' qualifications and performance data
2. Discussion of alternative approaches for furnishing the services with at least three firms
3. Selection of at least three firms deemed to be the most highly qualified to provide the required services, in accordance with established criteria and recommended in order of preference

Contracts shall specify that all plans, specifications and estimates prepared by the contractor shall become the property of the district. (Education Code 17316)

**SITE SELECTION AND DEVELOPMENT**

The Board of Trustees believes that a school site should serve the district's educational needs in accordance with the district's master plan as well as show potential for contributing to other community needs.

*(cf. 7110 - Facilities Master Plan)*

The Board recognizes the importance of community input in the site selection process. To this end, the Board will solicit community input whenever a school site is to be selected and shall provide public notice and hold public hearings in accordance with law.

*(cf. 1220 - Citizen Advisory Committees)*

*(cf. 9320 - Meetings and Notices)*

The Superintendent or designee shall establish a site selection process which complies with law and ensures that the best possible sites are acquired and developed in a cost-effective manner.

*(cf. 7140 - Architectural and Engineering Services)*

*(cf. 7210 - Facilities Financing)*

Before acquiring property for a new school or an addition to an existing school site, the Board shall evaluate the property at a public hearing using state site selection standards. (Education Code 17211)

**Environmental Impact Investigation for the Site Selection Process**

The Superintendent or designee shall determine whether any proposed development project is subject to the requirements of the California Environmental Quality Act (CEQA) and shall ensure compliance with this Act whenever so required. When evaluating district projects, the CEQA guidelines shall be used.

**Agricultural Land**

If the proposed site is in an area designated in a city, county, or city and county general plan for agricultural use and zoned for agricultural production, the Board shall determine all of the following: (Education Code 17215.5)

1. That the district has notified and consulted with the city, county, or city and county within which the prospective site is to be located
2. That the Board has evaluated the final site selection based on all factors affecting the public interest and not limited to selection on the basis of the cost of the land

**SITE SELECTION AND DEVELOPMENT (continued)**

3. That the district shall attempt to minimize any public health and safety issues resulting from the neighboring agricultural uses that may affect students and employees at the site

**SITE SELECTION AND DEVELOPMENT**

As part of the district's site selection process, the Superintendent or designee shall:

1. Meet with appropriate local government recreation and park authorities to review all possible methods of coordinating the planning, design, and construction of new school facilities and school sites or major additions to existing school facilities and recreation and park facilities in the community. (Education Code 35275)

*(cf. 7131 - Relations with Local Agencies)*

2. Notify the appropriate local planning agency in writing and request its report and recommendations regarding the proposed site's conformity with the adopted general plan. (Government Code 65402; Public Resources Code 21151.2)
3. Have the site investigated by competent personnel with regard to population trends, transportation, water supply, waste disposal facilities, utilities, traffic hazards, surface drainage conditions and other factors affecting initial and operating costs. This investigation shall include geological and soil engineering studies to preclude locating the school on terrain that has the potential for earthquake or other geologic hazard damage. (Education Code 17212-17212.5)
4. Ensure that the site meets state standards for school site selection as specified in 5 CCR 14010-14012.
5. Ensure compliance with the California Environmental Quality Act (CEQA) as required by law. (Public Resources Code 21000-21178)
6. If the proposed site is within two miles of the air line of an airport runway or proposed runway, before acquiring title to the site, notify the California Department of Education (CDE) in writing. (Education Code 17215)

In the selection and development of projects funded pursuant to Education Code 17070.10-17077.10, the Superintendent or designee shall:

1. Determine whether the proposed site is free of toxic contamination by ensuring that a Phase I environmental assessment and/or preliminary endangerment assessment is conducted as required by law (Education Code 17213.1)

The Superintendent or designee shall ensure that the preliminary endangerment assessment is made available for public review and comment in accordance with Education Code 17213.1.

2. Annually submit a summary report of expenditures to the State Allocation Board in accordance with law (Education Code 17076.10)

**SITE SELECTION AND DEVELOPMENT** (continued)

3. Include in the plans a hard-wired connection to a public switched telephone network or utilization of wireless technology (Education Code 17077.10)
4. Establish a participation goal of at least three percent, per year, of the overall dollar amount expended each year by the district for disabled veteran business enterprises (Education Code 17076.11)

**INSPECTION OF COMPLETED PROJECT**

Completed projects shall be inspected in accordance with the contract for architectural services. Administrative staff inspections shall include those conducted by the building principal, the Director of Facilities and the Project Manager assigned by the construction management firm. Recommendations shall be made for the acceptance of the building to the Board of Trustees by the Assistant Superintendent, Business.

Subsequent changes to any buildings shall be entered on the original plans and filed with the Director of Facilities.

**CHARTER SCHOOL FACILITIES**

**Definitions**

*In-district students* are those charter school students who are entitled to attend a district school. Students eligible to attend district schools based on an interdistrict attendance agreement or parent/guardian employment shall be considered students of the district where they reside. (5 CCR 11969.2)

(cf. 5111.1 - District Residency)

(cf. 5117 - Interdistrict Attendance)

An eligible charter school *operating in the district* is one that is either currently providing public education to in-district students or has identified at least 80 in-district students who are meaningfully interested in enrolling in the charter school for the following year, regardless of whether the district is or is proposed to be the chartering entity and whether or not the charter school has a facility inside the district's boundaries. (Education Code 47614; 5 CCR 11969.2)

*Contiguous facilities* are those contained on a school site or immediately adjacent to a school site. If the charter school's students cannot be accommodated on any single district school site, contiguous facilities also include facilities located at more than one site, provided that the district minimizes the number of sites assigned and considers student safety. (5 CCR 11969.2)

*Reasonably equivalent conditions* shall be determined on the basis of: (5 CCR 11969.3)

1. A comparison group of district schools with similar grade levels, selected in accordance with 5 CCR 11969.3
2. Capacity, in accordance with 5 CCR 11969.3, including equivalency of the ratio of teaching stations to average daily attendance as those provided to students in the school district attending comparison group schools, allocation of specialized classroom space and access to nonteaching station space
3. Condition of facilities, including:
  - a. School site size
  - b. Condition of interior and exterior surfaces
  - c. Condition of mechanical, plumbing, electrical and fire alarm systems
  - d. Conformity of mechanical, plumbing, electrical and fire alarm systems to applicable codes
  - e. Availability and condition of technology infrastructure

**CHARTER SCHOOL FACILITIES** (continued)

- f. Suitability of the facility as a learning environment, including but not limited to lighting, noise mitigation, and size for intended use
- g. The manner in which the facility is furnished and equipped

*(cf. 7111 - Evaluating Existing Buildings)*

**Provision of Facilities by District**

As of November 8, 2003, or on the first day of July following the passage of a local school bond measure, the district shall make available to a charter school operating in the district facilities within the district sufficient for the charter school to accommodate all of its in-district students in conditions reasonably equivalent to those in other district schools. Facilities provided to charter schools shall be contiguous and shall be furnished and equipped as necessary to conduct classroom-based instruction. (Education Code 47614; 5 CCR 11969.2, 11969.4)

*(cf. 0420.4 - Charter Schools)*  
*(cf. 7110 - Facilities Master Plan)*

If a charter school was established through the conversion of an existing public school, the condition of the facility previously used by the district shall be considered to be reasonably equivalent for the first year the charter school uses the facility. (5 CCR 11969.3)

The district shall not be required to use unrestricted general fund revenues to rent, buy or lease facilities for charter schools. The district may charge the charter school a pro rata share of its facilities costs that the district pays with unrestricted general fund revenues. (Education Code 47614; 5 CCR 11969.7)

Procedures for requesting facilities shall include the following steps:

1. A charter school must be operating in the district as defined in Education Code 47614 before it submits a request for facilities. A new or proposed charter school is eligible to request facilities for a particular fiscal year only if it submitted its charter petition before November 15 of the fiscal year preceding the year for which facilities are requested. A new charter school is entitled to receive facilities only if its petition was approved before March 1 of the fiscal year preceding the year for which facilities are requested. (5 CCR 11969.9)
2. The charter school shall submit a written facilities request to the Board of Trustees by October 1 of the preceding fiscal year. A new charter school, as defined in 5 CCR 11969.9, shall submit its request by January 1 of the preceding fiscal year. The request shall include: (Education Code 47614; 5 CCR 11969.9)

**CHARTER SCHOOL FACILITIES** (continued)

- a. Reasonable projections of in-district and total average daily attendance and total classroom average daily attendance, broken down by grade level and by the schools that the students would otherwise attend
- b. A description of the methodology for the projections
- c. If relevant, documentation of the number of in-district students meaningfully interested in attending the charter school
- d. The charter school's instructional calendar
- e. Information regarding the general geographic area in which the charter school wishes to locate
- f. Information on the charter school's educational program that is relevant to assignment of facilities

In submitting a facilities request, the charter school shall use a form specified by the district. The charter school shall distribute, or otherwise make available for review, the written request to interested parties, including but not limited to parents/guardians and school staff.

3. The Board shall review the charter school's projections of in-district and total average daily attendance and in-district and total classroom average daily attendance, and shall provide the charter school a reasonable opportunity to respond to any concerns raised by the district. (5 CCR 11969.9)
4. The district may deny a facilities request when the projected average daily attendance for the year is less than 80. (Education Code 47614)
5. The Board shall prepare a preliminary proposal regarding the space to be allocated to the charter school and the pro rata share amount, and shall provide the charter school a reasonable opportunity to review and comment on the proposal. (5 CCR 11969.9)
6. The Board shall provide a final notification of the space offered to the charter school by April 1 preceding the fiscal year for which facilities are requested. The notification shall identify: (5 CCR 11969.9)
  - a. The teaching station and nonteaching station space offered for the exclusive use of the charter school and that to be shared with district-operated programs
  - b. Arrangements for sharing any shared space

**CHARTER SCHOOL FACILITIES** (continued)

- c. The assumptions of in-district classroom average daily attendance upon which the allocation is based, and a written explanation of the reasons for any differences than those submitted by the charter school
  - d. The pro rata share amount
  - e. The payment schedule for the pro rata amount, which shall take into account the timing of revenues from the state and from local property taxes
7. The charter school shall provide written notification to the Board, by May 1 or within 30 days after the district notification, whichever is later, whether or not it intends to occupy the offered space. (5 CCR 11969.9)

The district and charter school shall negotiate an agreement regarding the use of and payment for the space. The agreement shall contain the information included in item #6 above. (5 CCR 11969.9)

The agreement also shall require the charter school to maintain liability insurance naming the district as an additional insured in order to indemnify the district for any damage or loss for which the charter school is liable, and that the charter school shall comply with Board policies regarding the operations and maintenance of school facilities, furnishings and equipment.

*(cf. 3530 - Risk Management/Insurance)*

The space allocated to the charter school shall be furnished, equipped and available for occupancy at least seven days prior to the first day of instruction of the charter school. (5 CCR 11969.9)

Space allocated for use by the charter school shall not be sublet or used for purposes other than those that are consistent with Board policies and district practices without permission of the Superintendent or designee. (5 CCR 11969.5)

*(cf. 1330 - Use of School Facilities)*

Facilities, furnishings and equipment provided to a charter school by the district shall remain the property of the district. The district shall be responsible for projects eligible to be included in the district's deferred maintenance plan and the replacement of district-provided furnishings and equipment in accordance with district schedules and practices. The ongoing operations and maintenance of facilities, furnishings and equipment shall be the responsibility of the charter school. (Education Code 47614; 5 CCR 11969.2, 11969.4)

## **CHARTER SCHOOL FACILITIES** (continued)

The charter school shall report actual in-district and total average daily attendance and classroom average daily attendance to the district every time that the charter school reports average daily attendance for apportionment purposes. If the charter school generates less average daily attendance than projected, the charter school shall reimburse the district for the over-allocated space at rates set by the State Board of Education. (Education Code 47614; 5 CCR 11969.9)

### **Funding for New Construction**

Applications for facilities funding for new construction pursuant to Education Code 17078.52-17078.62 may be submitted by either: (Education Code 17078.53)

1. The district on behalf of a charter school that is physically located within the geographical boundaries of the district
2. A charter school on its own behalf, if the charter school has provided written notification of its intent to both the Board and Superintendent at least 30 days prior to submitting the preliminary application that had demonstrated construction grant eligibility based on current enrollment data

Any project applying for such funding shall: (Education Code 17078.54)

1. Meet all the requirements for public school construction, including Field Act, plan approvals, toxic substance review, site selection and site approval that apply to noncharter school projects

*(cf. 7150 - Site Selection and Development)*

2. Fund only new construction to be physically located within the geographical jurisdiction of the district

If a charter school ceases to use any facilities funded through this program, the facility may be used for other purposes in accordance with the priorities established in Education Code 17078.62.

### **Zoning Ordinances**

Upon a two-thirds vote, the Board may render a city or county ordinance inapplicable to a charter school facility if the facility is physically located within the district's geographical jurisdiction. (Government Code 53097.3)

**FACILITIES FINANCING**

When it is determined that school facilities must be built or expanded to accommodate a increased or projected increased enrollment, the Board of Trustees shall consider appropriate methods of financing for the purchase of school sites and the construction of buildings. In addition, financing may be needed when safety considerations and educational program improvements require the replacement, reconstruction or modernization of existing facilities.

The Assistant Superintendent of Business shall research funding alternatives and recommend to the Board the method that would best serve district needs as identified in the district's master plan for school facilities.

*(cf. 7110 - Facilities Master Plan)*

These funding alternatives may include, but not be limited to:

1. Levying developer fees pursuant to Education Code 17620 and Government Code 65995-65998

*(cf. 7211- Developer Fees)*

2. Forming a community facilities district pursuant to Government Code 53311-53368.3, the Mello-Roos Community Facilities Act

**DEVELOPER FEES**

**Level 1 Funding: Residential, Commercial and Industrial Construction**

Before taking action to establish, increase or impose developer fees, the Board of Trustees shall conduct a fee justification study which: (Government Code 66001)

1. Identifies the purpose of the fee and the use to which the fee will be put
2. Determines a reasonable relationship between the fee's use and the type of development project for which the fee is imposed
3. Determines a reasonable relationship between the need for the public facility and the type of development project for which the fee is imposed
4. Determines a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributed to the development for which the fee is imposed

**Level 1 Funding: Notice and Hearing Requirements**

Before levying developer fees or prior to increasing an existing fee, the Board shall schedule a public hearing. The Superintendent or designee shall mail notice of the time and place of the meeting, including a general explanation of the matter to be considered and a statement that the required data are available, at least 14 days prior to the meeting to any interested party who has requested such information. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The district may charge a fee reasonably related to the cost of providing these materials. (Government Code 66016)

Information on the anticipated amount of fees, other available funds and funding sources, and the estimated cost of planning, land acquisition and school construction shall be made available to the public at least 10 days before the hearing. (Government Code 66016)

At the hearing, the Board shall adopt a resolution for the levying of the developer fees. (Government Code 66016) The resolution shall set forth:

1. The purpose of the fee and the public improvement(s) that the fee will be used to finance (Government Code 66006)
2. The Board's findings of reasonable relationship which justify the fees pursuant to Government Code 66001

**DEVELOPER FEES** (continued)

3. The district's determination of either of the following conditions which allow collection of the fees at the time when building permits are issued: (Government Code 66007)
  - a. That the fees are to reimburse the district for previous expenditures
  - b. That the fees shall be collected for public improvements or facilities for which an account has been established, funds have been appropriated and the district has adopted a proposed construction schedule or plan

**Level 2 Funding: Residential Construction**

In order to impose residential construction fees within the limits of Government Code 65995.5, the Board shall: (Government Code 65995.5)

1. Make a timely application to the State Allocation Board for new construction funding for which it is eligible
2. Conduct and adopt a school facility needs analysis pursuant to Government Code 65995.6
3. Satisfy at least two of the requirements set forth in Government Code 65995.5(b)(3)(A-D) (Government Code 65995.5)

**Level 2 Funding: Notice and Hearing Requirements**

At least 45 days prior to completion of the school facility needs analysis, the Board shall notify and provide copies of the analysis to the planning commission or agency of the city or county with land use jurisdiction within the district. Upon request of either party, the Board and city or county shall meet within 15 days following notification. (Government Code 65352.2)

*(cf. 7131 - Relations with Local Agencies)*

The Board shall adopt the school facility needs analysis by resolution at a public hearing. (Government Code 65995.6)

This analysis may not be adopted until the analysis, in its final form, has been made available to the public for a period of not less than 30 days. Prior to its adoption, the public shall have the opportunity to review and comment on the analysis and the Board shall respond to written comments it receives regarding the analysis. (Government Code 65995.6)

**DEVELOPER FEES** (continued)

During the period of public review, the analysis shall be provided to the local agency responsible for land use planning for its review and comment. (Government Code 65995.6)

No less than 30 days prior to the hearing, notice of the time and place of the hearing, including the location and procedure for viewing or requesting a copy of the proposed analysis, shall be published in at least one newspaper of general circulation within the jurisdiction of the district. If there is no paper of general circulation, the notice shall be posted in at least three conspicuous places within the district's jurisdiction not less than 30 days prior to the hearing. (Government Code 65995.6)

In addition, the Superintendent or designee shall mail a copy of the needs analysis not less than 30 days prior to the hearing to any person who has made a written request if the written request was made 45 days prior to the hearing. The district may charge a fee reasonably related to the cost of providing these materials. (Government Code 65995.6)

The school facility needs analysis may be revised at any time. The revision is subject to the same conditions and requirements applicable to the adoption of the analysis. The existing school building capacity shall be recalculated as part of any revision to the needs analysis. (Government Code 65995.6)

The fees authorized by Government Code 65995.6 and Government Code 65995.7 shall be adopted by resolution as part of the adoption or revision of the school facilities needs analysis. The fees shall take effect immediately upon adoption of the resolution and may not be effective for more than one year. (Government Code 65995.6)

**Level 3 Funding: Residential Construction**

When Level 3 fees are authorized by law and the district qualifies for Level 2 funding pursuant to Government Code 65995.5, the Board may assess a fee on residential construction pursuant to the requirements of Government Code 65995.7.

**Level 3 Funding: Notice and Hearing Requirements**

Pursuant to Government Code 65995.7, the notice and hearing requirements, resolution requirement, and term of effectiveness for Level 3 funding shall be the same as the requirements for Level 2 funding as specified above.

**All Developer Funding Fees: Additional Requirements**

The district shall send a copy of any resolution adopting or increasing developer fees to the city and county, accompanied by all relevant supporting documentation and a map indicating the boundaries of the area subject to the fee. (Education Code 17621)

**DEVELOPER FEES** (continued)

In cooperation with local governmental agencies issuing building permits, the Superintendent or designee shall establish a means by which all of the following shall be accomplished:

1. The project applicant shall receive a written statement of the amount of the fees and notification that the 90-day approval period during which the applicant may protest has begun. (Government Code 66020)
2. The Superintendent or designee shall receive and retain acknowledgment that the above notification was received.
3. Before a permit is issued and upon the payment of the applicable fee or requirement, the Board shall immediately certify that the fee has been paid or that the district has determined that the fee does not apply to the development project. (Education Code 17620)

Developer fees shall be deposited, invested, accounted for and expended pursuant to Government Code 66006. Developer fees shall be deposited in a separate capital facilities account, except for temporary investments allowed by law, and shall be used only for the purpose for which they were collected. Interest income earned by the capital facilities account shall also be deposited in that account and used only for the purpose for which the fee was originally collected. (Government Code 66006)

For each separate account so established, the Superintendent or designee shall, within 180 days after the last day of each fiscal year, make available to the public the following information for the fiscal year: (Government Code 66006)

1. A brief description of the type of fee in the account or fund
2. The amount of the fee
3. The beginning and ending balance of the account or fund
4. The amount of the fees collected and the interest earned
5. An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees
6. An identification of an approximate date by which the construction of the public improvement will commence if the district determines that sufficient funds have been collected to complete financing on an incomplete public improvement

**DEVELOPER FEES** (continued)

7. A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan
8. The amount of refunds made pursuant to Government Code 66001(e) and any allocations made pursuant to Government Code 66001(f)

The Board shall review the above information at the first regularly scheduled public Board meeting which occurs 15 days after the information is made available to the public. Fifteen-day prior notice of this meeting shall be mailed to any parties filing a written request pursuant to Government Code 66006. (Government Code 66006)

In addition to discharging its public disclosure duties regarding the levying of developer fees, the Board shall, for the fifth fiscal year after the first deposit into the account or fund and every five years thereafter, make all of the following findings with respect to the portion of the account or fund that remains unexpended, whether committed or uncommitted: (Government Code 66001)

1. Identify the purpose to which the fee is to be put
2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged
3. Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements originally identified
4. Designate the approximate dates on which the funding referred to in item #3 is expected to be deposited into the appropriate account or fund

When sufficient funds have been collected to complete the financing of public improvements but such improvements remain incomplete, the district shall, within 180 days of the date that a determination of sufficient funding was made, either identify an approximate date by which construction will begin or refund the unexpended revenues in accordance with Government Code 66001. (Government Code 66001)

**Appeals Process for Protests by Developers**

Developers of residential, commercial and industrial projects who claim that the developer fee has been inappropriately levied shall use the following procedures: (Government Code 66020)

1. The developer shall tender any required payment in full or provide satisfactory evidence of arrangements to pay the fee when due or ensure performance of the conditions necessary to meet the requirements of the imposition.

**DEVELOPER FEES** (continued)

2. The developer shall serve written notice to the Board. This notice shall include:
  - a. A statement that the required payment is tendered or will be tendered when due, or that any conditions which have been imposed are provided for or satisfied, under protest
  - b. A statement informing the Board of the factual elements of the dispute and the legal theory forming the basis for the protest
3. The protest shall be filed at the time of approval or conditional approval of the development or within 90 days after the date of the imposition of the fees.

At the time of the imposition of the fee, the Superintendent or designee shall provide each project applicant written notice that the 90-day period in which the applicant may initiate a protest has begun. The developer may file an action to attack, review, set aside, void or annul the imposition of the fees imposed on the development project within 180 days of delivery of the notice. (Government Code 66020)

**MELLO ROOS DISTRICTS**

In order to form a Mello-Roos community facilities district which may issue bonds and/or levy a special tax to finance school construction, the Superintendent or designee shall recommend to the Board of Trustees related goals and policies addressing the following: (Government Code 53312.7)

1. The priority that various facilities shall have for financing through the Mello-Roos district
2. The credit quality to be required of bond issues and criteria to be used in evaluating the credit quality
3. Steps by which prospective property purchasers shall be fully informed about their related taxpaying obligations
4. Criteria for evaluating the equity of tax allocation formulas
5. Maximum tax burdens to be levied against any parcel
6. Definitions, standards and assumptions to be used in appraisals required by Government Code 53345.8

*(cf. 5116 - School Attendance Boundaries)*

The proceeds of any bonds, notes or other securities issued pursuant to the Mello-Roos Community Facilities Act shall be deposited or invested in accordance with Government Code 53356.03.

**GENERAL OBLIGATION BONDS**

The Board of Trustees desires to provide adequate facilities in order to enhance curriculum and to help the district achieve its vision for educating district students. To that end, the Board may order an election on the question of whether bonds shall be issued for school facilities when in the Board's judgment it is advisable and in the best interest of district students.

*(cf. 7110 - Facilities Master Plan)*

*(cf. 7210 - Facilities Financing)*

The Board shall determine the appropriate size of the bond in accordance with law.

**Bonds Requiring 55% Approval by Local Voters**

The Board may decide to pursue the authorization and issuance of bonds by approval of 55% majority of the voters pursuant to Article 13A, Section 1(b)(3) and Article 16, Section 18(b) of the California Constitution. If two-thirds of the Board agree to such an election, the Board shall vote to adopt a resolution to incur bonded indebtedness if approved by a 55% majority of the voters. (Education Code 15266)

The bond election may only be ordered at a primary or general election, a regularly scheduled local election or a statewide special election. (Education Code 15266)

Bonded indebtedness incurred by the district shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities or the acquisition or lease of real property for school facilities. (California Constitution Article 13A, Section 1(b)(3) and 1(b)(3)(A))

The proposition approved by the voters shall include the following accountability requirements: (California Constitution Article 13A, Section 1(b)(3))

1. A requirement that proceeds from the sale of the bonds be used only for the purposes specified above and not for any other purposes including teacher and administrative salaries and other school operating expenses
2. A list of specific school facility projects to be funded and certification that the Board has evaluated safety, class size reduction and information technology needs in developing that list

*(cf. 0440 - District Technology Plan)*

*(cf. 0450 - Comprehensive Safety Plan)*

*(cf. 6151 - Class Size)*

3. A requirement that the Board conduct an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed

**GENERAL OBLIGATION BONDS** (continued)

4. A requirement that the Board conduct an annual, independent financial audit of the proceeds from the sale of the bonds until all of those proceeds have been expended for the school facilities projects

**Bonds Requiring 66.67% Approval by Local Voters**

Bonds shall be sold for the purpose of raising money for the following purposes: (Education Code 15100)

1. Purchasing school lots
2. Building or purchasing school buildings
3. Making of alterations or additions to school building(s) other than as may be necessary for current maintenance, operation or repairs
4. Repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity
5. Supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature
6. Permanent improvement of school grounds
7. Refunding of any outstanding valid indebtedness of the district, evidenced by bonds or of state school building aid loans
8. Carrying out of sewer or drain projects or purposes authorized in Education Code 17577
9. Purchase of school buses with a useful life of at least 20 years
10. Demolition or razing of any school building with the intent to replace it with another school building, whether in the same location or in any other location

Except for refunding any outstanding indebtedness, any of the purposes listed above may be united and voted upon as a single proposition by order of the Board and entered into the minutes. (Education Code 15100)

**GENERAL OBLIGATION BONDS**

**Election Notice**

The Superintendent or designee shall ensure that election notice and ballot requirements are satisfied in accordance with law.

**Certification of Results**

If it appears that the appropriate majority of the voters are in favor of issuing the bonds, the Board of Trustees shall cause an entry of that fact in the minutes. The Board shall then certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the district all proceedings had in the premises. (Education Code 15124, 15274)

**Resolution Requesting Sale of Bonds**

Following passage of the bond measure, the Board shall pass a resolution to the county board of supervisors to issue the sale of the bonds in accordance with law. (Education Code 15140)

**Reports**

Within 30 days after the end of each fiscal year, the Board shall submit to the County Superintendent of Schools a report concerning any bond election(s) containing the following information: (Education Code 15111)

1. The total amount of the bond issue, bonded indebtedness or other indebtedness involved
2. The percentage of registered electors who voted at the election
3. The results of the election, with the percentage of votes cast for and against the proposition
