

School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Vision and Mission

Plum Canyon Elementary School teaches the whole child to ensure academic, social, and emotional success.

Plum Canyon Elementary School is committed to promoting a positive and safe environment that empowers student to excel in their person and academic goals;

School Profile

Plum Canyon Elementary School provides a supportive and nurturing environment that gives over 700 students in transitional kindergarten through sixth grade an opportunity to build confidence to apply new learning and assume leadership roles. Our rigorous and student centered academic program is designed to help each individual expand his or her desire and ability to acquire and apply knowledge. An emphasis on developing academic language across disciplines prepares our students for bold explorations of 21st century challenges.

Our school is privileged to have parents with a high degree of involvement in the education of their children. Volunteers work daily in the classroom, sit on site and district oversight committees, support technology, the arts and PTA. Our mission is to provide an education that inspires each individual child to love learning, embrace challenges, build character, and cultivate creativity so that they continue to develop as kind, caring citizens.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

School stakeholder groups- School Site Council, PTA, ELAC, staff and student council groups have had input in the creation of the SPSA. Input was sought through discussions, surveys and stakeholder meetings.

Goals, Strategies, & Proposed Expenditures

Goal 1

Subject

Student Achievement

Goal Statement

Increase student achievement in English/Language Arts and Math for all students in Grades T/ K-6, using the Common Core State Standards and materials.
 Increase percentage of students in Grade 5 meeting all six criteria on the Physical Fitness Test from 33.3% to 40%.
 Increase English level proficiency of students by one ELPAC level.
 Provide instruction in the Visual and Performing Arts standards to the students.
 Increase student access and use of technology as it pertains to their grade level.
 Provide instruction in Social Studies based upon the California State Standards.
 Provide differentiated instruction for students with IEPs or designated GATE students to meet their needs.

LCAP Goal

Increase student achievement.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Improvement in ELA achievement	64% of students are at or above standard as measured by the CAASPP summative test In K-2 60% of the students score above the 75% level as measured by unit Wonders tests.	Increase by 4% the number of students who score at or above standard on the CAASPP test in grades 3-6. In K-2 increase the percentage to 75% on the unit tests as measured by the Wonders tests.
Improvement in Math achievement	In grades K-2 computation assessments indicate student achievement above 80% however in application the achievement level is less than 55%.	Increase student achievement level in applications tests to 75% after reteach and intervention. Increase student achievement in unit tests as measured by Illuminate

Metric/Indicator	Baseline	Expected Outcome
	Using Illuminate less than 60% of the students score above 75% in unit assessments. In grades	common assessments after reteach flex groups to 80% mastery.
Improvement in Science Instruction of the NGSS standards	As measured by the number of classrooms teaching 5 E lessons taught 70% of the grade levels have instructed to the NGSS standards.	Increase NGSS instruction to 100% in all classrooms.
Implement PE 200 min. per every 10 days for an increase in grade 5 PE state testing.	Over 85% of the students have met PE state standards as measured by the CA state test in grade 5.	Increase by 3% the number of students overall who have met PE standards in grade 5.
Close the achievement gap in ELA for EL students.	Current EL's increased scores by 8.5 points but are 41 points below standard as measured by CAASPP results	Increase by 4 points towards standard decreasing to 36 points below standard by year end .
Close the achievement gap in Math for EL students.	Current EL's are 16 points below standard as measured by CAASPP results.	Increase by 4 points towards standard decreasing to 12 points below standard by year end.
Close the achievement gap in ELA for students categorized as Low Socio-Economic status.	Current students are 18 points below standard as measured by CAASPP results.	Increase by 4 points towards standard decreasing to 14 points below standard by year end.
Close the achievement gap in Math for students categorized as Low Socio-Economic status.	Current students in Low Socio Econ have increased scores to standard by 14% but are 34 points below standard as measured by CAASPP	Increase by 4% points towards standard decreasing to 30 points below standard by year end.

Planned Strategies/Activities

Strategy/Activity 1

English Language Arts (ELA) and Math

All T/Kindergarten through 6th grade teachers will analyze data from the beginning of the year assessments to establish their instructional program.

All T/Kindergarten through 6th grade teachers will align their instruction to the ELA and Math CCSS.

The site administrator will purchase CCSS materials to support ELA and Math programs.

All kindergarten through 6th grade teachers will review the beginning-of-the-year assessment data during planning time and in the spring with the site administrator to address their concerns, goals, and requests for their students.

All T/ Kindergarten through 6th grade teachers will provide intervention for struggling students using systematic flexible small group differentiated instruction.

Five instructional assistants will be working with grades TK, K, and 1.

All Instructional Assistants will be trained in Great Leaps and use this for early reading intervention.

The site administrator will purchase supplemental intervention materials/programs.

The site administrator will purchase supplemental technology to monitor and support student learning and achievement (hardware and software).

The site administrator will establish both the computer and library schedules for all student access.

Grade level planning time will be provided to analyze common assessments and to create CCSS unit plans common to grade levels to close the achievement gap for Low Income students and those at risk.

All teachers will participate in focused learning walks in the areas of visible learning.

In Math, site administrator will provide CIP and staff meeting time to examine math benchmarks and IAB's by grade level.

Administrator to provide CIP time to analyze Math Frameworks and ELA frameworks.

Teachers will use common assessments to drive instruction and turn in student sample assessments quarterly.

Teachers in grades K-2 will use math manipulatives to teach concept level attainment.

Students in Grades K-6 will have access to the Meet the Masters Art program.

Chromebooks accompanied by professional development will be placed in grade 4 and 3.

English Language Development (ELD)

Teachers will Implement Systematic ELD program for all English Learners at least 30 minutes per day each day by proficiency level during BBB or Building Brilliant Brain time.

Teachers will collaborate with grade level and cross-grade level colleagues to plan Systematic ELD lessons and analyze assessments.

English only students will participate in Academic Language Acquisition instruction, and listening and speaking instruction as demonstrated by language inventory assessments.

The site administrator will schedule ELD Support Teacher to support ELD for students.

Schedule release time for teachers to administer ELPAC testing when needed.

Provide Summer School opportunities at another site for students who qualify for this support.

Provide sub release time for data chats, data analysis and instructional planning.

ELAC meetings will be held at least 3 times per year and District Parent Engagement coordinator will be instrumental in outreach.

Parent Engagement meetings will be held to assist parents in helping students at home, as indicated from PTA, ELAC, and SSC input.

Planned Strategies/Activities

Strategy/Activity 1

Student Engagement

Students will complete a survey about their connectedness and sense of safety at school.

School wide assemblies which have student driven components will be held.

Teachers will instruct students in conflict resolution strategies, using the PBIS matrix of expected behaviors.

Teachers will complete a PBIS site inventory survey on line and come up with an individual class matrix of expected behaviors.

Teachers will cooperate across grade levels to create Buddy Activities for their respective students.

The student-led Valet program will train students to assist with morning student drop-off procedures.

Students in Grades 3 - 6 will follow the democratic election process through participation in Student Council elections.

Students and staff will participate in a monthly flag ceremony to foster a sense of community and connected-ness.

Students will participate in Student Council-led Spirit Days to foster a sense of community and connected-ness.

The site administrator will create a thematic bulletin board welcome board to invite parents and visitors to Plum Canyon.

A counselor will be available to students who have psychological/social/emotional needs to address their needs.

Teachers will document strategies in intervention for behavioral and academic needs of students, using the tiered SST process.

The formal SST teacher members and site administrator will convene on specific dates to review SST documentation to determine next steps.

The site administrator and PTA will provide assemblies to promote positive character and student camaraderie.

Teachers, PTA, and the site administrator will recognize student achievement at the quarterly Awards Assemblies.

Teachers and parents will participate in conferences two times per year. At the sixth grade level these will be student led.

Parent Meetings on Topic Areas of Inquiry: Safety and Homework.

Parents will receive electronically newsletters, updates weekly.

The site administrator will publish weekly the names of the Wednesday winners, those students recognized for meeting behavior expectations.

Parents will receive letters regarding unexcused absences and tardies and will have to observe the follow-up demands, based upon letter.

The School Site Council will survey the Plum Canyon families annually for input and affirmation of the school program.

The site administrator will provide interpretation and or translation at meetings for which the parent has requested.

The site administrator and all stakeholders will create a calendar of events for parents.

The site administrator and teachers will schedule outreach events for all stakeholders (Grandparents' Day, Dads' Day, VIP Day, Read to Me Day, Volunteer Tea, Monster Mash, Career Day).

Teachers will utilize software, websites, and other similar devices to keep parents informed as to student achievement, progress, and behavior. (i.e. Class Dojo, Jupiter Grades)

ELAC meetings will be held at a minimum of 3 times per year; assisted by District Parent Liason.

Support from District EL Parent Liason and District Homeless/Foster Liason will be provided as outreach to these populations.

Promoting the PRIDE event will take place for all incoming K parents in the spring of 2018.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Mary Mann	Principal
Jess Segovia	Parent or Community Member
Melanie Guerrero	Parent or Community Member
Juli Schoenberger	Classroom Teacher
Nisan Harrill	Parent or Community Member
Lisa Herbert	Parent or Community Member
Gail Proudfoot	Parent or Community Member
Jennifer Nossaman	Classroom Teacher
Holly Bailey	Classroom Teacher
Christa Hamburger	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
